

K-LOVE Radio serves the residents of Phoenix in a positive, healthy way by providing free 24-hour-day programming of Christian music. The effect of listening to K-LOVE radio is that thousands of Phoenix listeners' lives are changed daily from being stressed to being peaceful, from being filled with anger to being filled with forgiveness, from being hopeless to being filled with hope. The implications of this radio station being replaced by an LPFM broadcaster are disastrous to myself personally, as well as to many others. I have counted on K-LOVE to get me through every day for years! It is in the public interest to retain K-LOVE radio in the Phoenix area - and in every area of the country - to provide the invaluable service of a consistent resource of encouragement, peace and healing, which in turn promotes a healthy community. Thank you.
